Inset

UK Sports Physical Therapy

Physical therapy by the same experts who treat UK athletes

The UK Sports Medicine Center brings together a multidisciplinary team of sports medicine professionals to provide you with a physician-directed program of treatment, rehabilitation and conditioning.

Physical therapists are a key component of the team and they work closely with your physician to develop the best rehabilitation plan for you. The highly trained physical therapy team has more than 100 years of combined experience. In addition:

- Several of the therapists hold American Board of Physical Therapy Specialties certifications in sports medicine and orthopedics.

- More than half of the physical therapy team members hold clinical doctorate degrees.
- Team members have specialty certifications in athletic training, strength and conditioning, and pilates.

UK Sports Physical Therapy offers a scientific, evidence-based approach to individualize your plan of treatment and rehabilitation. The team uses progressive techniques to ensure the safest and most efficient rehabilitation possible and incorporates injury prevention education to help you avoid future injuries.

Our facility

UK Sports Physical Therapy is located on the first floor of a newly renovated 7,700-square-foot facility just off Alumni Drive. Our clinic features a spacious gym area completely surrounded by large windows. In addition to the open gym area that houses state-of-the-art rehabilitation equipment, it features private rooms for detailed evaluations and treatment. This comfortable, well-designed space allows the most effective treatment for all patients as they return to desired activities. Free parking is available.

Payment/insurance

UK Sports Medicine Center services are covered by most major health insurance plans. Cash, checks and most major credit cards are accepted. If you have questions, please call our insurance assistant at **859-257-1395** to check accepted insurance and payment methods before your visit.
